Grab the attention of impulse shoppers driving by, or help get a message out with this portable sidewalk sign. No longer concern yourself with running outside to bring in the displays just because the weather begins to get rough. These hassle free portable sidewalk signs can stay put once they're set up. However, this display has two wheels for easy transport. The base features easy to set up and fills with sand for great stability. The gray finish fits in well with any environment and is a nice neutral color so the poster stands out.

- A high density molded polyethylene fold out sign frame
- (2) 36"hx24"w pvc plastic signs
- Plastic base has two built-in wheels and can be filled with dry sand
- Springs connect the frame to the base, allowing it to resist head-on winds up to 50 mph
- "Quick-Change", signs easily slide in and out
- Stay Tabs assure sign stays securely in place

Car graphics deliver added exposure on the job or around the neighborhood day and night. Vehicle graphics turn your truck or van into a moving billboard. Permanent or temporary solutions allow you to determine how you deliver your message. We design and have you approve the exact look before we create it. Our talented staff can install car signs, but we provide easy to follow instructions if you want to install them yourself. Decals can also be used on your boat, truck, van or trailer just about anywhere you want eye catching signs on the move.
